

# LATE ACTION INDICATES TREATY WILL BE MADE CAMPAIGN ISSUE

## RAILROADS OF NATION RELEASED TO OWNERS

Rail Systems in Hands of Federal Government Twenty-Six Months.

### INSTRUCTIONS ISSUED

No Rate Reductions Before September First is Mentioned

(By Associated Press.)  
Washington, March 1.—Railroads of the country, operating for the first time in twenty-six months under their own management, were formally notified today by the Interstate Commerce Commission of the new powers delegated to that body and of the rights and privileges accorded the carriers by the new railroad law.

The commission's announcement explained that provisions of the law against rate reductions prior to September 1 without the commission's approval were mandatory, but that changes in rate regulations, classifications and practices in which a decision had been entered by the commission would be effective on the date designated.

All changes in rates and classifications effective prior to today will stand, the statement said.

Whether union labor leaders who stubbornly opposed the railroad measure in Congress and later sought to have President Wilson veto it will test the constitutionality of the bill, the courts will be decided here today at the conference of executives of the railway brotherhoods.

The conference was arranged to consider the president's reply to their formally presented objections to the bill.

## HINES ASSUMES SUPERVISION OF WATERWAYS

Secretary Baker Turns Over Control.

(By Associated Press.)  
Washington, March 1.—By direction of Secretary Baker, Brigadier General Hines, chief of the Army Transport Service, today assumed control over the inland waterways transportation systems, which were transferred to the jurisdiction of the War department by the Railroad Administration. He announced that the same service would be maintained for the present.

## EFFORT TO KILL BRITISH LORD

(By Associated Press.)  
London, March 1.—It is authoritatively learned that an unsuccessful attempt has been made to assassinate Lord Acton the British minister to Finland, at Helsinki. The motive for the attack has not been learned.

Irreconcilable Republican Announce They will not Submit to Reservation Changes

DEMOCRATS CAN MUSTER VOTES TO DEFEAT PLAN

Final Vote May Come as Early as Thursday of This Week

All Elements Plan to Co-operate and End Debate as Hopeless.

(By Associated Press.)  
Washington, March 1.—An early and unfavorable vote on ratification of the peace treaty was forecast in the Senate today when republican leaders replying to the demands of the treaty's irreconcilable republican opponents reaffirmed their decision not to accept any change of substance or of language in the republican reservation to Article ten.

Both sides concede that enough democratic senators to defeat ratification are determined to stand with President Wilson and vote against the treaty unless the Article ten qualification is modified.

The republican decision today was followed by evidences that all the elements in the senate fight would cooperate to end debate and let the treaty issue go undecided into the campaign.

Some leaders predicted a final vote by Thursday, but others thought it would not come before the first of next week.

Under the agreement between republican leaders and irreconcilables the latter will not carry out the proposed program of prolonged debate. They will support the republican reservation program as they did at the last session, but will vote as they did then against ratification.

## VESSEL AGROUND 63 PASSENGERS SAFELY REMOVED

120 Members of Crew of Bohemia Remain on Stranded Boat.

(By Associated Press.)  
Halifax, N. S., March 1.—Sixty-three passengers of the steamship Bohemia which struck on a ledge off Halifax harbor in a snowstorm early today, were taken off by tugs and brought here. The 120 members of the crew remained on board. It was said the vessel was not in danger of breaking.

## PRESIDENT AGAIN BUSY ON ANSWER TO ALLIES

Plans Prompt Response to invitation to Join in Solving Problem.

### NOTES HAVING EFFECT

Italians Open Conversations With Jugo-Slavs on Adriatic Muddle.

(By Associated Press.)  
Washington, March 1.—President Wilson has begun work on his answer to the British and French premiers on the Adriatic situation.

In preparation for the actual drafting of his note, he has written to Acting Secretary Polk at the State Department. The nature of the communication was not disclosed.

Mr. Wilson apparently was planning to make prompt reply to the premiers' suggestion that the United States join with the British and foreign governments in seeking to bring about a solution of the Adriatic problem through direct negotiations between Italy and Jugo-Slavs.

It was noted here also that Rome dispatches indicated that Premier Nitti of Italy already had opened conversations with the Jugo-Slav authorities to this end.

There was no comment available from officials here as to the extent President Wilson might be willing to go in joining directly with the British and French premiers in fostering these new negotiations.

## MAKE DEMAND FOR INCREASE

(By Associated Press.)  
Chicago, March 1.—Railway express employees in Chicago, Kansas City, Omaha, Toledo and other cities today will present demands for a flat increase of \$35 a month it was stated by union officials here today.

The wage demands open a revolt against the international chiefs, those in charge of the demands here said.

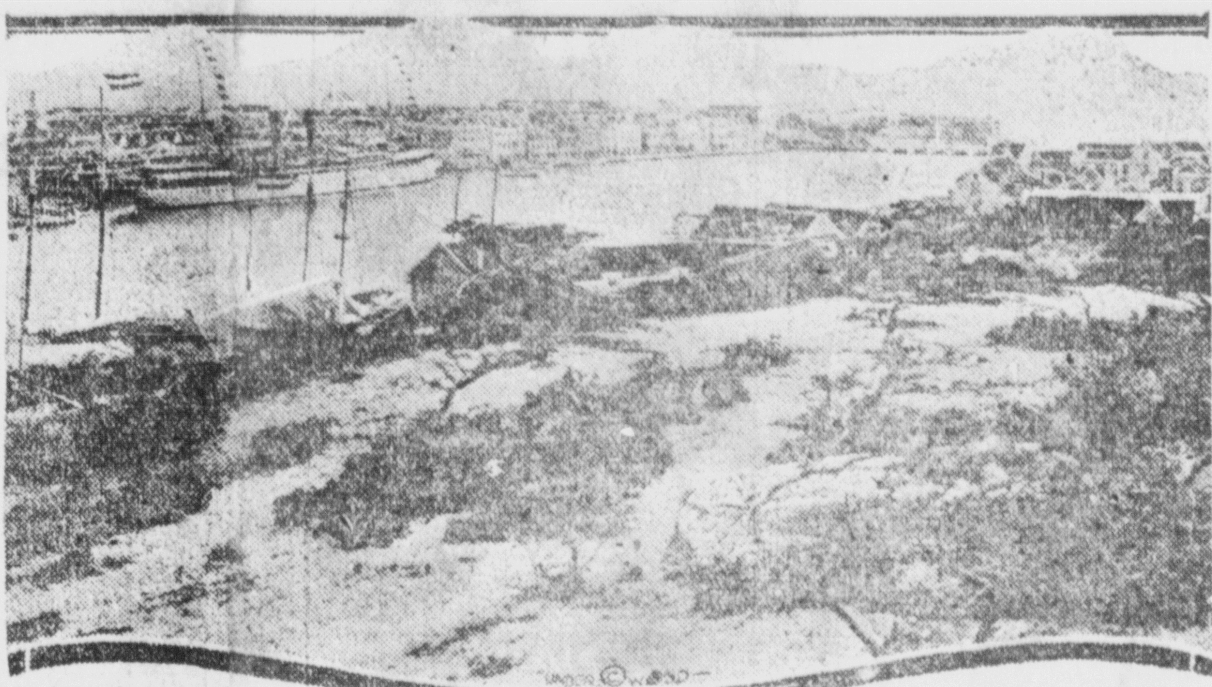

## MILWAUKEE FOR REAL BEER

## U. S. COURT GIVES U. S. STEEL CO. CLEAR BILL

Gigantic Corporation is Held to be Legitimate Organization

### FEDERAL SUIT DISMISSED

Concern Represents Investment of Over Two Billion Dollars

(By Associated Press.)  
Washington, March 1.—The Supreme court today upheld formation of the United States Steel Corporation and subsidiary combinations in the iron and steel industry.

Refusing to dissolve the so-called "steel trust" the court dismissed the federal government's Sherman law suit for dissolution.

Affirming the New Jersey Federal court's dismissal of the government prosecution the Supreme court declined to enjoin the restraint of trade charges and also denied an order to break up the super-combination said to be the world's greatest industrial organization with assets exceeding two billion dollars.

In dismissing the Federal suit however, the court ordered such dismissal "without prejudice" permitting the government to sue again if the corporation actually resorts to illegal, wrongful or repressive practices.

Justice McKenna said that to grant the government's request for disruption of the corporation and restore conditions in the industry as they were 20 years ago would be impracticable. It would disrupt business and would not be in the public interest, he said.

Justice Day in a dissenting opinion said the majority opinion virtually annulled the Sherman act.

### FIVE STILL ARE SEIZED

Akron, March 1.—Twenty-nine barrels of raisin mash were seized during a raid on an illicit still near Brittain yesterday by police and deputy sheriff. Five stills were operating in one of the rooms.

### WOMAN IS GIVEN EXECUTIVE PLACE IN GOTHAM BANK

Mrs. Key Cammack.

Mrs. Key Cammack has just been elected assistant secretary of the New York Trust Company and her special duty will be to assist clients in the preparation of their household budgets. She will also advise the sons and daughters of the company's clients in the economical management of their allowances.

Mrs. Cammack is the second woman to be appointed to a position of executive responsibility in a metropolitan bank.

## RAIL STRIKE STILL IN FORCE

(By Associated Press.)  
Paris, March 1.—Although both government and railroad officials were optimistic today as to the outcome of the railroad strike, there was in reality no marked change in the situation. Accounts agree, however, that the United Railway Federation have been unable to make the general strike order effective in many districts.

## LANE TAKES A PARTING SHOT

(By Associated Press.)  
Washington, February 29.—Officials Washington, "a combination of political caucus drawing room and civil service bureau," containing "statesmen who are politicians who are not statesmen" is poorly organized for its task which "fewer men of larger capacity would do better."

## TURKS KILL THOUSANDS AT MARASH

(By Associated Press.)

London, March 1.—It is authoritatively stated, says an Exchange Telegraph Dispatch from Athens today, that after the French evacuated Marash in Cilicia recently, the Turks massacred 16,000 inhabitants.

Private advices received in Washington today stated the number massacred was 19,000.

## WANTS ACTION RECONSIDERED

(By Associated Press.)  
Washington, March 1.—Postmaster General Burleson today requested the Interstate Commerce Commission to reconsider its recent decision in the railroad mail rate case by which railroads were given an increase in compensation in carrying the mail.

## PRO-GERMANS ARE CONVICTED

(By Associated Press.)  
Washington, March 1.—Conviction of three officials and employees of the Philadelphia Tageblatt on charges of violating the espionage act through articles published in that newspaper was upheld today by the Supreme court.

## GARY REFUSES TO TRADE REDS

(By Associated Press.)  
Cincinnati, O., February 29.—There will be no trades involving the regulars of the Cincinnati National baseball team. August Herman, president of the champion Reds made this declaration when told of a New York dispatch stating that Manager McGraw of the Giants had offered to exchange Pet Young for Eddie Roush and Kopf.

## PUNITIVE FORCE WILL NOT CROSS THE BORDER

Second Victim of Mexican Bandits Dies Early Monday.

### MEXICAN BANDITS SAFE

Re-cross Border and Escape Into Hills of Old Mexico.

(By Associated Press.)

Nogales, Arizona, March 1.—With the death here early today of J. A. Fraser, American storekeeper of Ruby Postoffice, 30 miles from here, the death toll as result of a raid by Mexican bandits on Fraser's general store Friday was increased to two. Alexander Fraser, his brother, and business partner died Friday shortly after he attacked.

Sheriff Earhart returned here today after a fruitless chase after the two bandits into Mexico.

Colonel Carnahan, commanding officer of this military district, declared today he was convinced the Mexican military authorities were doing their utmost to apprehend the bandits. He repeated his denial that any American troops had crossed the line.

He added he did not believe there would be any punitive expedition as result of the attack.

## WEST VIRGINIA SENATE BALKS

(By Associated Press.)  
Charleston, W. Va., March 1.—Ratification of national woman suffrage amendment was refused by the West Virginia senate this afternoon.

## IS A REVERSAL

(By Associated Press.)  
Washington, March 1.—In interpreting the Sherman Anti-Trust act today the Supreme court reversed Federal court decrees which held that the statute did not prohibit resale price fixing unless there was intention of creating a monopoly.

## BRILLIANT MINISTER VICTIM OF INFLUENZA

Rev. Dudley B. Ashford, Noted Preacher and Lecturer, Well Known on Three Continents, was Ordered to Give up Work.

Reverend Dudley B. Ashford is an extraordinary man. Although still on the sunny side of forty, he has crowded more service to humanity into a few years than most men accomplish in a life-time.

Soon after his graduation from Harley College, London, England, he was ordained minister at the famous New Court Congregational church, London. A short time thereafter he was selected to present the cause of Congo Reform and African Missions before the people of Norway, and toured that land with such success that he was greeted by enormous crowds at every meeting.

In 1908, under the auspices of the Colonial Missionary Society, he was sent to New Zealand and for three years labored as a missionary among the Maoris, where his experiences were novel and thrilling.

In 1916 he returned to England and served for three years at Wood Street Congregational church, Cardiff, South Wales, the biggest Congregational church in the British Empire. It was while here that he fell one of the early victims of the great 1918 influenza epidemic, an attack from which he had not fully recovered when he accepted a call to the Queen's Road Congregational church, St. John's, Newfoundland, where his forceful preaching soon attracted record congregations.

The strain of this work upon his undermined constitution proved too severe and he suffered a nervous breakdown, from which now, however, he has completely recovered. Moved by a desire to serve his fellow men he has recently written a letter that tells how he was restored to health and strength.

### MOVED BY GRATITUDE

This letter, addressed to The Tanlac Co., Atlanta, Ga., is an eloquent expression of gratitude and is as follows:

"Gentlemen: Your medicine known as 'Tanlac' has been such an inestimable blessing to me, that I feel constrained to write and tell you so. I October, 1918, while a minister of the Wood Street Congregational church, Cardiff, South Wales, I had a severe attack of the Spanish Influenza, from the effects of which I never fully recovered. I lost twenty-eight pounds in weight and was unable to recover my usual energy.

"Then, in February, 1919, I became the minister of the Queen's Road Congregational church at St. John's, Newfoundland. My ministry was attended with great success, but the strain proved too great for me and I had a

REV. DUDLEY B. ASHFORD, NOTED PREACHER, LECTURER and MISSIONARY.

serious breakdown. My nerves seemed to go all to pieces and my digestion became so deranged that I could eat scarcely anything. My heart gave me a lot of trouble; it was an effort to walk upstairs and at night I used to lie awake in continual dread lest my heart should stop beating altogether.

"Then, as a result of exposure one winter's night in a small boat, while in the execution of my duties, I was seized with violent pains in the right shoulder and arm, which nearly drove me to distraction. I consulted doctors and specialists and underwent massage and electrical treatment without getting much relief. I was ordered to give up all preaching and public work for at least three months, and I began to fear that my health was permanently affected.

### HE HAD BEEN SKEPTICAL

"I had always been rather skeptical of the testimonials concerning the merits of any medicine, but one day I read the statement of a man whose symptoms seemed to be identical with my own, and his praise of Tanlac ang so true I decided to give it a trial myself. I bought bottle and its effect was almost immediate. My nervous condition began to disappear and I began to get sleep at night. My appetite so increased that I could scarcely satisfy it, and I found myself putting on weight rapidly. By the time I had taken the fourth bottle, the pains in my arm and shoulder disappeared and I am feeling better today than for a long time past.

"I feel that I should be guilty of base ingratitude if I did not write and tell you what a boon Tanlac has been to me, and I give you this unqualified testimonial to use as you may think best, in the hope that others may find in your wonderful medicine the means to restore health and strength."

Tanlac is sold in Washington C. H. by C. S. Haver's drug store.

## D. T. & I. WILL SPEND MILLION ON NEW EQUIPMENT

With the turning back to private control of the D. T. & I. railroad, announcement is made by Kenneth Chorley, superintendent of car service, that new equipment costing more than \$1,000,000 will be added to the system as soon as possible in an effort to improve the service which has not been the best since the system was taken over by the government.

The road has purchased 300 new box cars, 15 locomotives and 4,000 tons of steel rails. Arrangements are being made to add 200 additional gondolas to the equipment.

The box cars purchased are known as the double sheet 40-ton type and their cost was approximately \$800,000.

Roundhouses will be enlarged, several miles of new track laid where most needed, and extensive changes in yards in various cities are contemplated.

Better freight service is included in changes being made on the road.

## THIRTEENTH GAME DOWNS TRIANGLES

In an attempt to win their thirteenth victory of the season the Triangles, representative basketball squad of the Young Men's Christian Association, trounced by the Grove City club, 46 to 21. It was the second defeat of the team; the first defeat was the opening game of the season, and since that time the squad had always finished on the long end of the scores.

The only reason that the Triangles give for their setback is that they played on a floor which is also used as a dance floor and it was of such slipperiness that they were not able to make headway on it's shiny surface.

A return game will be played with Grove City on March 10, and an attempt will be made to regain some of the luster worn off by the happenings of Saturday evening.

## PLACING THE BAN ON BIG FOX HUNTS

The Fish and Game department is placing the ban on big fox drives, such as have been conducted in adjoining counties for "church benefits" during the past two or three months, and no more drives will be held.

Nothing has proven more destructive to the fox family in general than drives which virtually destroy the foxes in a large territory.

## BACK HURT ALL THE TIME

Mrs. Hill Says Lydia E. Pinkham's Vegetable Compound Removed The Cause.

Knoxville, Tenn.—"My back hurt me all the time, I was all run down, could not eat and my head bothered me, all caused by female trouble. I was three years with these troubles and doctors did me no good. Your medicine helped my sister so she advised me to take it. I took Lydia E. Pinkham's Vegetable Compound and the Liver Pills and used Lydia E. Pinkham's Sanative Wash and now I am well, can eat heartily and work. I give you my thanks for your great medicines. You may publish my letter and I will tell everyone what your medicines did for me."—Mrs. PEARL HILL, 415 Jackson St., Knoxville, Tennessee.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drug along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for women's ills.

## You Saw These Knockabout Suits and Polo Coats in Vogue

Suit 4010 has consistently chosen Scotch Tweed mixtures to express the simple lines of this Knockabout suit which the tailored lady is wearing. A contrasting color to face collar and cuffs and a tiny piping of the same color through the belt add a touch of smartness.

Suit 4030 (on the lady at the left) is of Irish Homespun, and assumes a decidedly mannish air through the cut of its collar, cuffs and pockets. And by means of two buttons on each side of the skirt it combines straightness of line with walking comfort.

Wooltex  
Tailor-mades

Designed and Tailored by  
The H. Black Co.

It's just a bit of white satin embroidered in gold and black. But, really fastened inside the collar of your tailor-made, it means that you'll wear the coat or suit with all the pride you take in signing it!

Remember, no matter how much it "looks like" a Wooltex Tailor-made, it just can't be without that Wooltex signature shown above!

And we want you to know that we carry these coats and suits with the Wooltex label that stands for "That Well Dressed Look" for each and every type.

And you know that is really the secret of being well dressed at all times. It is having just the right costume—right for your type and right for certain kinds of occasions.

Come the Spring and the call of the great out-of-doors when, for the greater part of each day, you will be needing a walk-

ing suit or a big soft Polo coat with a semi-sports air.

And how about your particular type? The models that bear the Wooltex label consider all types and adapt the favorites of the season to the different types. Note for instance the Knockabout suits, illustrated above—one on the strictly mannish type, another a bit more feminine. And the Polo Coat at the left with its swagger sports air; while the other Polo Coat at the right is just as smart but a trifle more dignified.

"Pinchurst." It's of French Blue Angora Polo, this little sports coat. The Gray Angora Tuxedo facing conceals two little pockets, and those sharp little points over the hips are extremely smart. The cuff is "linked," the shoulders snug, and the back full. It comes in Squirrel, French Blue and Tan—the Tuxedo collar is of self or contrasting Angora.

## CAR IS SMASHED AT MAIN STREET DRIVER ESCAPES

Sam Wolfe, 232 Maple street, narrowly escaped death at the South Main street railroad crossing when the automobile he was driving was struck by a cut of cars on the Baltimore & Ohio tracks shortly after eight o'clock Monday morning.

Wolfe, driving a Paterson car, was going south on Main St. when he was forced to stop a few feet from tracks because of engine trouble. After adjusting a spark plug he looked up the tracks, but did not see the cars approaching, pushed at a very slow rate of speed by the engine further up the tracks. When the car struck the auto all four wheels of the machine were smashed to the ground and the auto was shoved along the tracks for about thirty yards before the brake-

man could signal to stop. Wolfe was thrown out through the door and crawled to safety from under wheels of the freight car.

Wolfe was not injured, except a few scratches and bruises. The automobile was almost a total wreck.

## Notice to the Consumers of Natural Gas

Consumers are hereby notified that the supply of natural gas, for which this Company is able to contract, is failing, and that we cannot secure any guarantee under this contract of a continuous supply of gas at a fixed pressure. Should the supply of gas be momentarily cut off and then renewed, serious accidents might occur where heaters or pilot lights are kept burning in homes which are temporarily unoccupied during the day or where all of the occupants have retired for the night. We, therefore, urge every customer to exercise the utmost care to keep in mind at all times the following suggestions:

Turn out all gas fires and all gas consuming appliances before retiring, where proper flue connection is NOT made.  
Do not go out from your home during the day leaving gas fires of any character burning unless such fires have proper flue connections or some one is there to care for them.

When lighting a heater or burner of any description, if it should happen that the match goes out before the heater or burner is ignited, be sure to shut off the gas while securing another match.

Precautions in this respect may prevent an explosion and serious injuries and damages.

With proper care and vigilance, you will find natural gas a clean, convenient and economical fuel and which can be used with a minimum of danger. Furthermore, by turning out such fires as are not needed, you will materially reduce your monthly gas bill and will at the same time assist us in conserving the supply of gas for yourselves as well as our other consumers.

## HOMELY PICTURE SELLS AT AUCTION

(By Associated Press.)

London, March 1. — The Portrait by Quintin Matsys of Margaret, Duchess of Carinthia and Tyrol, called the ugliest woman on earth in dim mediaeval days, was sold at auction here the other day for 880 guineas. Experts say that no more appalling travesty of the human form has been conceived than that which Matsys's brush left on the canvas. The great lady's face is described as nearer that of one of the thropoid apes than a woman, with tiny eyes, an upper lip incredibly long, a nose for which no word can be found and the whole monstrosity crowned with a jewelled headdress that multiplied her "charm" a hundred fold. Her lack of beauty seemed to enhance rather than depress the price of the portrait.

## Threaded Rubber Insulation

### What It Is

It is a corrugated piece of hard rubber, pierced from front to back with 196,000 tiny threads in order to make it porous, so that it will afford free passage for the battery solution.

It is used *inside the battery, in each cell, between each two plates in the cell.* It is very durable, as one would expect of hard rubber.

It lasts as long as the battery instead of wearing out before the plates (like ordinary insulation).

It is the exclusive invention and property of the Willard Storage Battery Company, and is not used in any battery except the Still Better Willard, branded with the trademark shown on the battery pictured below.

### What It Does

It does not wear out or get full of holes, causing short circuits and other insulation troubles.

It therefore helps you to get all that you should get out of the plates at continued high capacity.

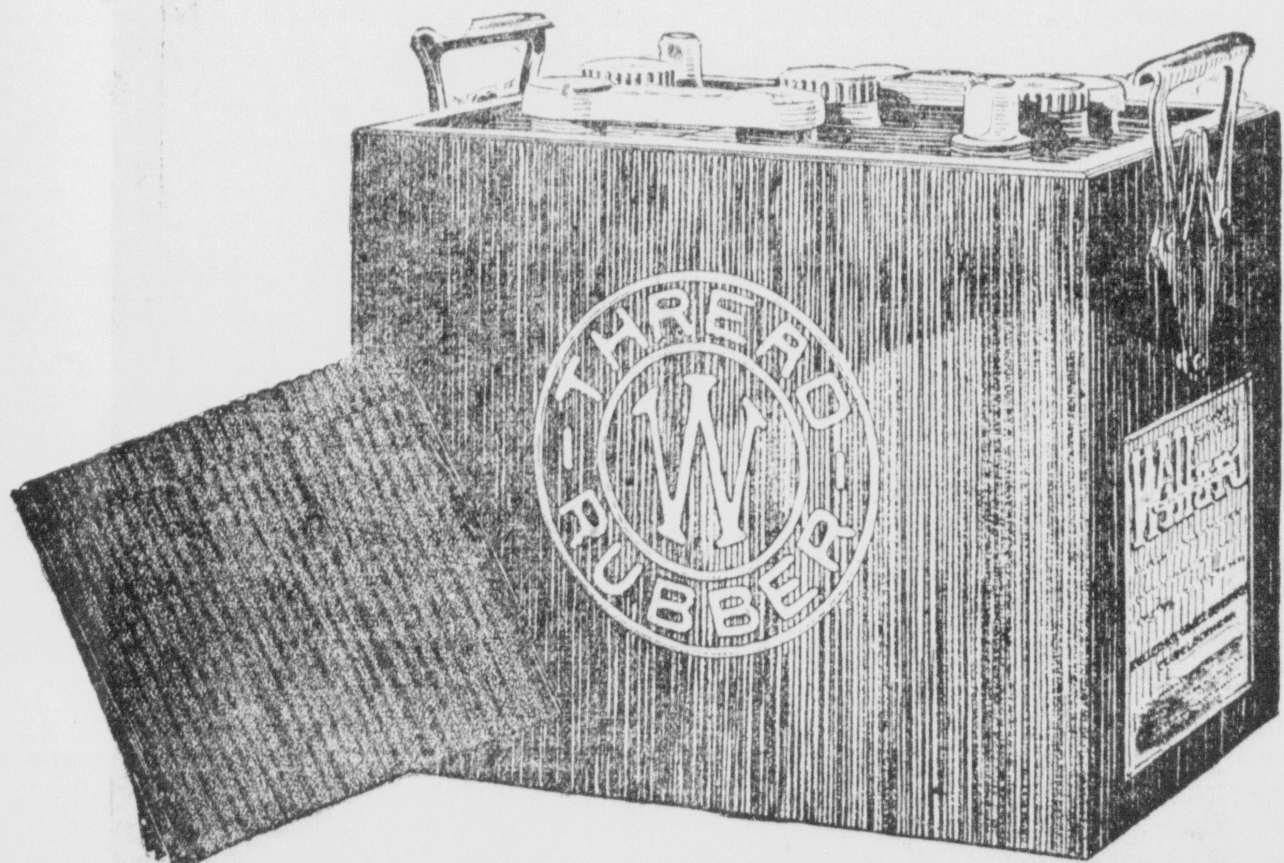

It makes true "bone-dry" shipment and storage of the battery possible, because the Still Better Willard, having never had a drop of moisture in either plates or insulation is in a bone-dry condition and can be kept indefinitely without depreciation. Batteries with ordinary insulation can be shipped without battery solution, *but they are not bone-dry* for the insulation has been wet, and once wet it cannot be allowed to dry out. The battery must be filled at an early date.

Finally, Threaded Rubber Insulation does away with the bane of the battery owner's existence — re-insulation.

## RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

A marriage of interest to a large circle of friends took place Sunday afternoon at three o'clock, when Miss Grace Rhoades, youngest daughter of Mr. and Mrs. I. C. Rhoades, became the bride of Mr. Emory Maddox, youngest son of Mr. and Mrs. Tom S. Maddox.

Rev. K. B. Alexander performed the double ring ceremony at Grace Meth-

odist parsonage. The youthful couple were accompanied by Miss Helen Rhoades, sister of the bride, and Mr. Herbert Wilson.

The bride, a piquant and very attractive blonde, was smartly attired in a suit of midnight blue tricotine, with blue georgette blouse, Spring hat of black satin and straw, suede oxfords to match and white gloves. She was wearing a lovely corsage of rose buds and sweet peas.

Miss Helen Rhoades was becomingly gowned in blue taffeta, with mole-skin coat, spring hat, black suede shoes and gloves and wore a small corsage.

Both bride and bride-groom are great favorites in their circle of young people as well as with many of their older friends. The bride-groom is just entering upon a business career and has been connected with the Sharp Clothing Store for the past six months.

Mr. and Mrs. Maddox went to Cincinnati on a short wedding trip and upon their return will be at home to friends in this city, who will welcome the opportunity to extend congratulations.

NO INCREASE  
IN FLU CASES

Reopening public places one week ago last Saturday has caused no increase in the number of influenza cases in the city, according to Health Officer Byron, who states that on some days not a single case is reported, while on other days a few cases are called to his attention. He regards the situation as most satisfactory.

No increase in other cases of disease have been reported in the city.

BUICK TOURING  
CAR IS STOLEN

Another automobile was stolen from the streets of this city Saturday afternoon and so far no word has been received that would lead to the recovery of the machine.

The car, a 1918 Buick touring car bearing license number 229,307 was taken from in front of Craig Brothers department store on Court street, and was the property of Jess Reynolds, of the Columbus pike.

This is the second car stolen in the past two weeks, both having been removed from the curb on Court street.

The theft was not reported to the Sheriff's office and Chief Moore being absent Monday it was not known whether the theft was reported to the police department. Little information being obtainable on the theft.

## MEXICAN BANDITS KILL TWO

Raiders Cross Border, Entering Store, Shooting Down Brothers and Escaping With Loot Posse Crosses Border In Pursuit

(By Associated Press)

Nogales, Arizona, February 29.—No word had been received tonight from Sheriff R. R. Earhart and a posse, who crossed the international border last night in pursuit of Ezequiel Lara and a companion who are alleged to have killed Alexander Fraser and shot his brother, J. A. Fraser late yesterday near the border. John Fraser tonight is dying of his wounds.

John Fraser told the story of Friday's raid on the store owned jointly by himself and his brother. He identified one of the bandits as Lara, who was accompanied by another Mexican. They entered the store and ordered the Frasers to throw up their hands. Then, without warning, they began shooting. Alexander Fraser was instantly killed. John Fraser was shot down, and the bandits took what they pleased and departed on horseback.

## STATE DEPARTMENT REFUSES TO TALK

(By Associated Press)

Washington, February 29.—State Department officials today declined to comment on the killing of Alexander Fraser, an American citizen and the serious wounding of his brother, Jack, said to be a Canadian during a raid Friday by two Mexicans at Arivaca, Arizona.

## REYNOLDS BILL IS BIG PUZZLE FOR OFFICIALS

Columbus, Ohio, February 28.—Confusing complications are confronting state officials in charge of the Ohio election machinery.

They arise from the uncertainty concerning the outcome of the proposed referendum upon the Reynolds bill, conferring limited suffrage upon women.

If it is not called, the women will have the right to participate in the 1920 presidential primaries April 27 by voting for candidates already nominated.

This bill was sent by the General Assembly to Governor James M. Cox January 20, and was signed and filed with the Secretary of State on the same date.

Under the constitution it will become an effective law April 20. Should a referendum be demanded it will be suspended until next November.

A bill by the same author, giving to women the right to vote and to be voted for as presidential electors, is suspended and awaiting the verdict of the electorate.

### Separate Ballots Required

Conceding that the second bill which also carries the suspended provision, becomes a law, the Secretary of State will be compelled to provide for separate primary election ballots for the women voters, who can vote only at the preferential primary election and for national convention delegates, to the senate convention.

It is estimated that a million of these ballots will be required.

It is not necessary to file the referendum petition before April 20. This causes a serious embarrassment for the election officials, both state and county. It will be almost impossible to print in the seven days permitted the million ballots, and provide for the separate boxes and records to care for the needs of the women voters. Yet, under the law, provision must be made for them or the primary will not be "regular." In cities of more than a certain population it is necessary for voters to be registered in order to exercise the right of suffrage.

## CRAZED BY FLU WILLIAM MOORE SHOTS HIMSELF

West Market Street Resident Sends Six Bullets Crashing Into Head and Chest.

Wife and Three Children Also Suffering With the Influenza.

Crazed by an attack of influenza, William Moore, aged 30 years, residing on West Market street, Monday afternoon about 1:30 o'clock shot himself six times with a 22 calibre revolver, and is believed to be in a dying condition. The deed took place at his home.

Moore had been sick at his home on West Market, suddenly became uncontrollable at noon Monday and acted queerly. After he had seemingly quieted down he was left in an upstairs room. Shots heard in the room in a few minutes attracted the neighbors and when they rushed in Moore was lying in a yet conscious but crazy condition on his bed covered with blood from six wounds that had been inflicted by the revolver. Dr. Todhunter was called and removed the raving man to the Fayette Hospital in the McCoy ambulance.

Four bullets had been sent crashing into the forehead of the man and two in the chest, directly above the heart. No hope for his recovery was held by his attendants at the hospital.

In order to secure the gun with which he had attempted suicide Moore had gone down stairs and got the weapon and had then returned to his room

## LEGAL FIGHT IS ON TO OBTAIN PORTION OF FIELD MILLIONS FOR ACTRESS' SON

Peggy Marsh and her son, Henry Anthony Marsh, photographed at Norfolk, England.

The fight of Peggy Marsh, actress, to obtain for her son, Henry Anthony, two-fifths of the \$5,000,000 trust fund originally left to Henry Field, is now in the superior court of Chicago. The fortune was willed Field by his grandfather, Marshall Field. The Field family does not deny that the boy is Henry Field's illegitimate son.

where he fired the six shots, all taking effect.

The wife and three children of Moore are ill with the influenza and Mrs. Moore and her little daughter were in bed.

Moore was a man of unusually cheerful temperament and is known among his associates as a man of splendid character.

He had been employed at the Dahl Campbell Branch as a shipping clerk.

### MEET TONIGHT

## MRS. MARTHA KIMBLE ANSWERS SUMMONS

Mrs. Martha Kimble, one of the older residents of the city was called by death at her home Saturday afternoon at two o'clock succumbing to a long illness. Mrs. Kimble was 72 years of age and had been in ill health for some time.

In the passing of Mrs. Kimble a most kindly and Christian woman is lost. News of her death is received with sadness by a host of warm friends who she had befriended.

Three sons and two daughters survive, Frank, of Los Angeles, California; Harry, of Marion, Indiana; Mrs. Pearl Friend, of Blanchester; and Earl and Coral at home.

Funeral services were held Monday afternoon at the home at three o'clock. Rev. Groves was in charge of the services.

## CAN EXTERMINATE KOREANS BEFORE THEY BOW TO JAPS

Shanghai, January 30.—(By Associated Press)—(By Mail)—The Koreans will suffer extermination before they will acquiesce in the rule of Japan declares Baron Kim Ka-chin, formerly one of Korea's elder statesmen and officials who has penetrated the Japanese cordon around Korea. He is now one of the members of the little community of Korean refugees who have found haven here in China.

"There can be no peace," he said. "Koreans will never waver. They may not win for many years, but they will never yield."

He declared that the people are entirely without rights and without political representation. All special privileges are in the hands of the Japanese, he added, and they control all sources of wealth and rapidly are acquiring actual ownership of the land. The Korean nation, he said is without a mouth piece, for he asserted not one Korean newspaper edited by Koreans is permitted to exist and public meetings are wholly forbidden.

"Not more than three people, even for social purposes, may gather and talk together," he said. "All of the schools of the country are under the direction of Japanese teachers text books."

He said that the history that is taught to children is garbled in such a way as to glorify Japan and discredit Korea.

"Japan's course," he declared, "has been driving the people out of Korea into Manchuria at the rate of 100,000 a year. This is because the Japanese have taken control of everything. They operate the railways, the banks, transportation lines, and customs offices and in those few places where there are Korean officials the Japanese adviser is never far distant."

## WOMAN WHO FOUND RARE SCRIPT IS DEAD

London, January 29.—(By Associated Press)—(By Mail)—The death is reported of Mrs. Margaret Dunlop Gibson, who in 1896, after six visits to Mount Sinai, brought to England for the first time of what is known as the Hebrew Ecclesiastics.

With her twin sister, Mrs. Agnes Lewis, she shared the distinction of discovering in 1892 the famous Syriac palimpsest of the Gospels, in the monastery on Mount Sinai. It was very dirty, and its leaves were nearly all stuck together, through their having remained unturned probably since the last Syrian monk had died in the monastery centuries before.

The sisters took about 400 photographs of it. When they returned to England it was identified by Prof. J. B. Burdett and Bensley of Cambridge University as the Curretian manuscript, one of the oldest versions of the Gospels extant in any language. Another expedition was sent to Sinai and the text was copied. Its publication of the text in 1894 marked an epoch in the history of Biblical criticism.

Mrs. Gibson was the widow of the Reverend James Young Gibson a noted translator of Cervantes' poetry.

Skins from which top grade shoe leather is made come from India, China, Russia, Africa and South America.

## STATE SOLON GIVES ADDRESS

"What America Owes to Her Public Schools" was the subject of an entertaining lecture at the high school auditorium Sunday afternoon by Hon. C. H. Freeman, member of the Ohio General Assembly. Mr. Freeman spoke under the auspices of the Y. M. C. A.

Mr. Freeman's talk was chiefly concerned with the task of the teachers in the public schools of the country in shaping the careers of the future Americans. "In the hands of the American school teachers lies the future of our country," declared the speaker.

One of the greatest dangers that the country is facing in educational lines is that thousands of school teachers are resigning or failing to re-enter the work at the end of their terms because of the low average of salaries paid to teachers in comparison with the wages of persons in other lines of employment, was the contention of Mr. Freeman.

The way to combat Bolshevism and radical Socialism is through the public schools, Mr. Freeman said, and the time to cut off any growing sentiment that the children of aliens may have instilled in them at home is by employing one hundred percent Americans in the school rooms of the nation.

## Pay When Cured

Dr. Burkhardt wants you to write him today for a treatment of Dr. Burkhardt's Vegetable Compound for Liver, Kidney, Stomach Trouble, Constipation, Catarrh, Rheumatism. Pay when cured. Don't miss this grandest of remedies and wonderful preventative for Grip, Flu. Address 621 Main St., Cin'ti, O. For sale at all Drug Stores. 30-day treatment 25c—Adv.

Sunday night about 8:30 o'clock, a fire alarm was turned in, but no damage resulted from the shorted wires. The street lights were turned off, to gether with commercial lighting, until the nature of the trouble was ascertained. Turning of a switch was all that was necessary to quiet the sputtering wires.

## ATHENIANS WIN SOUTHERN TITLE

Athens High School won Southern Ohio Basketball championship title Saturday evening in the final of the Southern Ohio Tournament under the auspices of Ohio University when the Athenians defeated Portsmouth High 23 to 20.

In the semi-finals Portsmouth won over Parkersburg 15 to 13 and Athens eliminated Doane Academy 13 to 5.

Doane was the school which defeated Washington High Friday night 14 to 7. The showing of Washington High against Doane brought much credit to the Blue and White. Washington scored with two field goals, both made by Rief, and three free throws pitched in by Geiger. The score at the end of the first half was 6 to 3 with the sidelines cheering for the Washington men to make it a victory over the Academy players.

## MARION MAN GOT NO RELIEF FROM VISIT TO CITIES.

Made special trip to Cleveland and Toledo for medicine which did his rheumatism and stomach trouble no good.

## COULDN'T BEND OVER

Back ached, joints sore, muscles painful, the new medicine **Dreco** has relieved him.

"I even made special trips to Cleveland and Toledo to buy medicine for my ailments but none of it did me any good," are the words of Mr. F. E. Dreher, the expert carriage maker, who has lived in Marion, O., the past 22 years and now resides at 308 Girard Ave. "My back gave me lots of trouble. I could not bend over, without great pain. There was a continued burning right over my kidneys. My joints were full of rheumatism and my muscles sore and drawn. My stomach seemed like it was on fire and would fill up with gas. I think my stomach trouble came from taking so much strong medicine for the rheumatism, and tore it all to pieces."

"I kept reading about what Dreco was doing for people around here, so I bought a bottle. Before I had taken half of it, I could see that it was helping me. It eased my stomach, stopped the burning and gas and quieted my nerves so that I could sleep. Then the pains began to ease up in my back and I could stoop and bend without suffering as formerly. My joints got supple and muscles relaxed. I continued taking Dreco and today I haven't a pain in my body. I think Dreco deserves the praise of every one in this city."

Dreco acts on the kidneys, aiding them to strain the rheumatic poisons from the blood; overcomes stomach trouble; relieves constipation and rebuilds rundown systems.

All good druggists sell Dreco and it is highly recommended in this city by

## ALL TOURNEY MEN SELECTION MADE

Officials and coaches of teams taking part in the South-Central Ohio Basket Ball Tournament have made a selection of two all-tournament teams. Washington High, although only taking part in the tourney to the semi-finals, had a man on the second team and two of her men receive special mention. Laughlin is chosen as right guard for the second team and Reif and Geiger get special mention. Laughlin was also mentioned for the first all-tournament team.

Here is the first team as selected by tournament officials and coaches: Tudor (Buckskin), R. F.; Robinson Greenfield, L. F.; McCormick (Hillsboro), C.; Hiatt, (Greenfield), R. G.; Smith, (Greenfield), L. G.

The second team is made up as follows: Hummel, (Chillicothe), R. F.; (Dunkel), L. F.; Harold (Buckskin), C.; Laughlin, (Washington), R. G.; Baumgarner, (Greenfield), L. G. Those receiving special mention are Reif and Geiger, of Washington; Storrs, of Buckskin; Hodson, of New Vienna; Herstien and Byers, of Chillicothe; Burget and Renick, of Chillicothe; Whitaker, of Greenfield; Hess of Chillicothe.

Special mention men are the players receiving scattering votes for either first or second team.

Robinson was a unanimous choice. Hiatt the choice of all but one; Smith the choice of the majority, none of the other men on the first team received more than two votes. The second team is made up largely of scattered votes for the first team; Laughlin was the choice of one voter for the first team and the unanimous choice of all other voters except one for the second team.

## GOOD HIGHWAYS RADIATE OVER NORTHERN OHIO

(By Associated Press)

Cleveland, Ohio, March 1—The dream of northern Ohio motorists of year 'round travel on well paved roads is about to be realized. Uninterrupted road improvement on roads radiating from Cleveland now permits motor travel during every month of the year. Paved highways extend from Cleveland the entire distance to Akron and Canton, and also to Warren, Niles and Youngstown; while the Ashtabula-Cleveland link has been completed, affording motor travel on improved highways from Cleveland to the Pennsylvania state line. The Cleveland-Toledo highway is also in splendid shape for year around travel.

Automobile clubs of northern Ohio, have been working for years for roads that would be travelable the year round, and through persistent efforts, at last have succeeded. Roads have been in such splendid condition during the winter months, despite severe weather and snow, that practically uninterrupted motor travel has been possible, freight being moved between Cleveland and many distant points by motor truck in quantities without parallel since motor truck freight transportation was established.
